MAYOR'S INAUGURAL ADDRESS.

It is my privilege to be in the Mayor's Chair, and at this the first meeting of the new year I wish to again present my thanks to the electors and congratulations to the aldermen-elect for the ensuing year. Some of our colleagues who were with us last year are absent to-day. They are good citizens, and gave the city good, honest, faithful and complimentary service, and will always be able to say, even though they may choose to retire for good, that they were prompted by the true spirit of citizenship to come forward to spend their time and exertions to be elected just to serve their municipality. I refer to this because we hear so often, and the Press sometimes are critically unfair, that our best citizens do not offer for municipal honors. To be an alderman of this grand old city is a great honor; to be Mayor is the same honor to a greater degree.

Our system of municipal government in Ontario is the most democratic form to be found anywhere, and citizens should be encouraged to offer their services.

The selection of a deep water terminus on the completion of the Welland Canal must again be referred to. This matter has not as yet been settled. We have had excellent committees working on this project for some years. They have at considerable personal time and expense made arrangement of plans which have been endorsed by the Dominion Marine Association and all officers in charge of vessels to the effect that Kingston city is the logical place, and further the officers in charge of these lake-carrying vessels make the statement that if the Government of this Dominion selects another place it will be futile, because vessel owners will not allow their vessels to take the hazard to go below Kingston.

As Canadians we are interested in having the transportation of the products of the great west to go via the natural and Canadian route of the St. Lawrence river, and in this plan it cannot be gainsaid that Kingston is the transhipping point. I will ask that you appoint a Harbor Improvement Committee at your next meeting to keep in touch with this very important matter. It is the most important question affecting this city at this time.

On account of our geographical location we are very much interested in the colossal Chicago water steal. We are interested with every other municipality, commercial and civic body on the shores of the Great Lakes because of this invasion of fundamental rights and the recognition of common law and justice. We have satisfactory evidence to prove that the diversion of these waters into the Chicago, so-called, drainage canal has lowered the mean levels of the Great Lakes to an alarming degree and that this condition has caused damage to the inner harbours and connecting channels of the Great Lakes to the approximate sum of $12,000,000. I intend to use every effort to bring about a remedy to stop this pilfering condition. A meeting of all the municipalities interested will be held in Detroit on Jan. 14th and 15th, and Kingston city will be represented.

The question of unemployment is with us, but we are optimistic. We are told that the Locomotive Works and the Collingwood Shipbuilding Company will be running all winter and employing a large number of men, both skilled and unskilled. We appreciate the efforts of these manufacturing institutions in providing employment.

The most optimistic will not expect very favorable reports in regard to getting new industries at this time, but we have had an active Executive and Industries Committee looking after this department, and nothing has been overlooked nor neglected. The Industries Committee would be able to have many industries locate here if the citizens of Kingston would furnish the capitalization money. Unfortunately when they have done this from private sources they were disappointed, and nearly always because of the fact that the promoters and those engaged did not understand the real principles of business. Our new industries, the Dye and Chemical Company and the Monarch Battery Company, have given us very favorable reports.

It is hardly necessary now to refer to the paving of our streets. Years ago we had the citizens coming down to the City Hall to the meeting of the Board of Works protesting against paving. The scene has changed entirely. In December delegations waited on me to have side streets paved. Paving the streets under our conditions means that the property abutting has been enhanced in value twice the cost of the pavement. It is sanitary, clean, and one of the best factors we have in the progress of city building.

Last year I promised if I was elected that I would take the lead in putting on an Old Boys' Reunion. I will never forget this meeting of old and young Kingstonians. According to current report it was a great success, and I wish to thank everyone directly connected with our endeavors and the many people who contributed to this wonderful event.

One of the great problems and handicaps to nations, municipalities and individuals is debt, and I am happy to tell you that this city is gradually getting free from this condition. The most direct contact of a citizen with his municipality is in the tax rate. The taxes of this city were reduced one mill in 1924 and 1925, and I am going to ask the co-operation of all the committees to be satisfied with their appropriations when the budget is struck, so that we may reduce it another mill this year. The city that can carry on and furnish money to take care of all the expenses in connection with all its departments and not increase the assessment and yet lower the tax rate each year is financially sound. We have been able to do this for this last two years, and we expect to repeat it this year.

Our merchants give a favorable report on the year's trade. Prices of all farm products have been good, and they in turn have spent their money freely with our merchants.

We are located on the great highway between Toronto and Montreal, and are therefore interested in the tourist traffic. We will co-operate with the local Board of Trade and local Motor League to take care of this very important and new industry.

In conclusion I will ask that every member of Council will give his best attention to all matters of public interest which will be presented during the year, and that we will all be in the happy position of having our anticipations realized.

Moved by Ald. Kent, seconded by Ald. Kidd (1) that the Mayor's address be referred to the different incoming Standing Committees.—Carried.

BY-LAWS

Ald. Boyd presented By-law No. 1, 1926. The by-law was read a first time, and the 31st rule being suspended by two-thirds vote a second and third time, the second being in committee of the whole, Ald. Allan in the chair, and was signed and sealed as follows:

BY-LAW NO, 1, 1926.

A by-law to authorize the Mayor and Treasurer of the Corporation of the City of Kingston to borrow certain sums to meet the current ordinary expenditure of the corporation.

Passed Jan. 4th, 1926.

WHEREAS in order to meet the current ordinary expenditure of the corporation and the sum required to be raised in the current year for High and Public School purposes, it is necessary to borrow money in anticipation until such times as the taxes to be levied therefor are collected, and whereas it is necessary under Clause 319 of the Municipal Act, R.S.O., 1914, to pass a by-law authorizing such to be done.

AND WHEREAS the Council deems the sum of $300,000 necessary to meet the current ordinary expenditure of the said corporation and the sums required to be raised in the current year for High and Public School purposes until the taxes are collected, and said sum does not exceed ninety per cent. of the ordinary expenditure of the said corporation for the next preceding year, together with the amount required to be raised for High and Public School purposes for the current year, and it is deemed expedient to authorize the Mayor and Treasurer to borrow the sum of $300,000;

BE IT THEREFORE ENACTED by the Council of the Corporation of the City of Kingston as follows:

1. That the Mayor and Treasurer of the said corporation be and they are hereby authorized under the seal of the Corporation to borrow from a chartered Bank in the city of Kingston the sum of $300,000, which sum is deemed necessary by the Council to meet the current ordinary expenditure of the Corporation and the sums required to be raised in the current year for High and Public School purposes until the taxes are collected.

2. That the said Mayor, with the Treasurer aforesaid, be and they are hereby authorized to pay or allow the said bank

interest on the said sum so borrowed at the rate of 5½ per cent. per annum.

3. That a promissory note, or notes, covenant or agreement, sealed with the Corporation seal and signed on behalf of the corporation by the Mayor and Treasurer, be duly executed and given to the said bank as aforesaid as security for the re-payment of the amount borrowed with interest thereon as aforesaid.

This by-law shall come in force and take effect on its passing.

(Signed)

W. W. SANDS, THOS. B. ANGROVE,
City Clerk. Mayor. [L.S.]

Ald. Driscoll presented By-law No. 2, 1926. The by-law was read a first time, and the 31st rule being suspended by two-thirds vote a second and third time, the second being in committee of the whole, Ald. Bennett in the chair, and was signed and sealed as follows:

BY-LAW NO. 2, 1926.

A by-law to adopt for the year 1926 the assessment of the municipality of the City of Kingston, made in the year 1925, under the provisions of Section 56 of the "Assessment Act," and By-law No. 8 of the Revised By-laws of the City of Kingston, passed under the authority of the said section.

Passed Jan. 4th, 1926.

BE IT ENACTED by the Council of the Corporation of the City of Kingston as follows:

The assessment of the municipality made in the year 1925, under the provisions of Section 56 of "the Assessment Act," and of By-law No. 8 of the Revised By-laws of the City of Kingston, passed under the authority of said section, is hereby adopted as the assessment on which the rate of taxation for the year 1926 shall be levied in this municipality.

This By-law shall come in force and take effect on its passing.

(Signed)

W. W. SANDS,
City Clerk.

THOS. B. ANGROVE,
Mayor. [L. S.]

Industries

Ald. Boyd presented report No. 5 from the Committee on Industries as follows:

Kingston, Jan. 11th, 1926.

To the Mayor and Council of the City of Kingston:

Gentlemen,—The Committee on Industries begs leave to report and recommend as follows:—

1. That an agreement be entered into between the Corporation of the City of Kingston and W. L. Grass or the company he proposes to incorporate for the leasing or probable purchase of a part of the Cereal building, in the city of Kingston.

That the lower flat of the Cereal building be leased to W. L. Grass and the company he proposes to incorporate for a period of ten years, at an annual rental of $1,000, including insurance and general taxes, but not including local improvements, business tax and garbage tax.

That W. L. Grass or the proposed company be given an option to purchase the Cereal building property during the first five years of this tenancy at a price of $51,000.

That during the second period of five years W. L. Grass or the company be given the refusal to purchase the said property at a price to be named (meaning that if the corporation receives an offer for the said property which they would accept that W. L. Grass or said company be given the refusal of purchasing the property at the price stated).

That in the event of W. L. Grass or the company purchasing the property at any time during the period of ten years that the terms of payment will be half the purchase price in cash, and the balance secured by first mortgage on the property and contents at the current rate of interest.

That W. L. Grass or the company be given the refusal to lease the second flat at an annual rental of $800 (meaning that in the event of the corporation obtaining a tenant for the second flat that W. L. Grass or the company will be given the refusal of renting it at the price named, viz., $800).

That in the event of the corporation failing to obtain a tenant for the second flat during the term of the tenancy of the first flat that it be leased to W. L. Grass or the company on application at an annual rental of $800 for the unexpired portion of the term of ten years on the same terms as those applying to the first flat.

That the City Solicitor be instructed to prepare said agreement and lease, and to incorporate such clauses as he deems advisable for the protection of the city's interests.

Respectfully submitted,

(Signed)

GEO. W. BOYD
CHAS. HEBERT
E. L. MARTIN
G. LATURNEY

Moved by Ald. Boyd, seconded by Ald. Martin (6) that the report of the Industries Committee be received and adopted.

Moved by Ald. Boyd, seconded by Ald. Laturney in amendment (7) that the report of Industries be referred to the City Solicitor for his approval regarding fixed assessment.—The amendment was carried.

BY-LAWS.

Ald. Kent presented By-law No. 8, 1926. The by-law was read a first time, and the 31st rule being suspended by two-thirds vote a second and third time, the second being in committee of the whole, Ald. Dunphy in the chair, and was signed and sealed as follows:

BY-LAW NO. 8, 1926.

A By-law pursuant to sub-section 8 of Section 146 of The Ontario Temperance Act, to grant partial exemption from municipal taxation, except school and local improvement taxes to a standard hotel, known as the Randolph Hotel, situate upon lot number 253 and parts of lots 229, 228 and 254, and parts of lots 259 and 260 of the Original Survey of the Town of Kingston.

Passed March 8th, 1926.

WHEREAS an application has been made on behalf of the Randolph Hotel for a by-law granting the Randolph Hotel total or partial exemption from municipal taxation, except school and local improvement taxes, in consideration of certain additions and extensions to be made to said hotel, and it is deemed expedient to grant said request, on completion of the said improvements and extensions.

THEREFORE, the Municipal Council of the Corporation of the City of Kingston enacts as follows:

1. From and after the completion of the improvements and extensions agreed to be made to the present Randolph Hotel, upon the lands and premises known as lot 253 and parts of lots numbers 229, 228, and 254, in the City of Kingston, and those portions of lots numbers 259 and 260 of the Original Survey of the Town of Kingston, now owned by the Randolph Estate, the municipal taxation, except school and local improvement taxes, shall be limited to the sum of $50,000, and the said lands shall enjoy partial exemption from municipal taxation, except school and local improvement taxes for any and all sums hereafter that may or would be otherwise taxable in excess of the said sum of $50,000, for the terms of ten years from the date when this by-law shall come in force and take effect.

This by-law shall come in force and take effect on completion of the extension and improvements to be made upon the above lands and premises, for the purposes of the Randolph Hotel as a standard hotel.

(Signed)

W. W. SANDS,
City Clerk.

Moved by Ald. Kent, seconded by Ald. Price (6) that the report of the Commitee on Finance and Accounts be received and adopted.—Carried.

Ald. Kent presentde the Civic Budget as follows:

CIVIC BUDGET, 1926

Kingston, March 18th, 1926.

The Committee on Finance and Accounts, in submitting the estimates for the year 1926, begs leave to report as follows:—

The Bonded Debt of the City to 31st December, 1925, is $2,488,242.64, made up as follows:

Water Works		$ 51,100 00
Light Works		520,587 28
SCHOOLS.—		
Public	$ 232,186 96	
High	59,350 00	
		291,536 96
LOCAL IMPROVEMENTS:—		
Corporation's Portion	566,306 20	
Owners' Portion	482,967 17	
		1,049,273 37
General Purposes		575,745 03
		$2,488,242 64

The amount of the Sinking Fund is $691,748.57, and of this amount $669,749.68 is invested in Government and Municipal Debentures and $21,998.89 is on deposit in the Bank.

The amount to be levied for the Sinking Funds this year is $110,175.38, the parties specially benefitted paying $36,955.02, and the City generally paying $73,220.36.

In the presentation of the Budget it will be seen that the spending Committees have been given about the same amount as last year.

For educational purposes we were obliged to provide $19,000 more than last year.

For the City's portion of the cost of last year's paving we had to provide $10,000 more than last year.

The sum of $44,000, being part of the surplus earnings of the Sinking Fund accumulated since 1911. has been applied to Revenue, and because of this the tax rate has been reduced by one mill on the dollar.

Your Committee recommends that a rate of 19.55 mills for general purposes and 13.45 mills for educational purposes, making a total of 33 mills on the dollar be placed on this year's ordinary assessment, and that a rate of one-half mill on the dollar for the collection and disposal of garbage be imposed on the assessment liable thereto.

In regard to the above rate of 33 mills the assessment is divided as follows: For Schools, 13.45 mills; Hospitals, 2.25 mills; Library, .76 mills; all others, 16.54 mills: total, 33 mills.

Respectfully submitted,

BY-LAW NO. 10, 1926.

A By-law to levy a tax rate of 33 mills on the dollar upon the assessed value of the rateable property in the city of Kingston for the lawful purpose of the municipality for the year 1926.

Passed March 22nd, 1926.

WHEREAS for the year 1926 there are required for the lawful purpose of the municipality of the city of Kingston, as hereinafter specified, the following named sums of money estimated by and to the Council of the said municipality, to be raised by the levy of the several rates hereinafter mentioned respectively amounting to the rate of 33 mills on the dollar upon the assessed value of the rateable property in the said municipality, and which in the revised and adopted assessment rolls and the supplementary rolls for the year 1926 amounts to the sum of $17,421,281 current money of Canada, which rate of 33 mills on the dollar is in respect of the rateable property in the said municipality liable to be assessed for the Roman Catholic Separate School rate, inclusive of the rate hereinafter directed to be levied upon the rateable property liable thereto, and which rate of 33 mills on the dollar also includes the rate for the sum required for the Public School purposes for said year, to be levied on the property liable thereto as hereinafter provided.

BE IT THEREFORE ENACTED by the Council of the Corporation of the City of Kingston as follows:

1. The sum of $59,695.22 required to pay the annual interest on and the annual payment on account of the loan and bonus debentures and not provided for under Section 1 of this by-law, shall be raised by the levy of a rate of 3.43 mills on the dollar upon the whole assessed value of the rateable property in the said municipality.

2. The sum of $13,170.50 required for Public Library purposes, as estimated to the said Council by the Public Library Board and for payment of the annual amount due on account of debentures issued for Public Library purposes, shall be raised by a levy of a rate of 76/100 mills on the dollar upon the whole of the assessed value of rateable property in the said municipality aforesaid.

3. The sum of $55,980.63 required for High School purposes as estimated to the said Council by the Board of Education, and to pay the annual payment and interest on account of High School debentures of the said municipality shall be raised by a levy of a rate of 3.21 mills on the dollar upon the whole of the assessed value of all the rateable property in the said municipality as aforesaid.

4. The sum of $122,310.34 required for Public School purposes of the said municipality as estimated to the said Council

raised by the levy of a rate of 8.28 mills on the dollar upon the assessed value of the rateable property in the said municipality assessable and liable to be raised for a public school rate, said assessed value being $14,780,020.

5. The sum of $28,987.40 required to pay the annual interest on and the annual payment on account of the public school debentures of the said municipality, shall be raised by a levy of a rate of 1.96 mills on the dollar upon the said assessed value of the rateable property in the said municipality assessed and liable to be raised for a public school rate, said assessed value being $14,780,020.

6. There shall also be levied on the rateable property in the said municipality liable thereto, the assessed value of which amounts to $2,641,261, a rate of 10.24 mills on the dollar imposed on the said property by the Board of Trustees of the Roman Catholic Separate School of the said municipality for the purposes of the said Separate School for the current year, and the last mentioned rate shall be levied and collected by the collectors appointed to collect the municipal rates and taxes of the said municipality at the time and as provided by law.

7. The sum of $80,375.31 required to pay the annual interest on and provide the annual sum required for the sinking fund for the debentures of the said municipality issued for the purposes of raising loans for the amount of the cost of the several local improvement works in the said municipality to be borne and paid by the said municipality at large shall be raised by the levy of a rate of 4.61 mills on the dollar on the whole of the said assessed value of all rateable property in said municipality as aforesaid.

8. The sum of $187,336.36 required for the general purposes and expenditure of the said municipality for the current year shall be raised by the levy of a rate of 10.75 mills on the dollar upon the whole of the assessed value of all the rateable property in the said municipality as aforesaid.

9. The said several rates of 3.43, 3.21, 4.61, 76/100, and 10.75 mills on the dollar to be levied upon the whole of the assessed value of the rateable property in the said municipality

and the said several rates of 8.28 and 1.96 mills on the dollar to be levied upon the said assessed value of all the property in the said municipality assesable and liable to be rated for a Public School rate, and the said rate of 10.24 mills on the dollar to be levied on the assessed value of all the property in said municipality assessable and liable to be rated for the said Roman Catholic Separate School rate (together amounting to 33 mills on the dollar upon the assessed value of the property upon and in respect of which the said several rates are to be levied respectively), shall be levied and collected at one and the same time as provided by law by the collector appointed to collect the municipal rates and taxes of the said municipality.

10. The City Clerk shall prepare and deliver to the said Collector the Collector's rolls of the said municipality for the said year, and prepare according to law on or before the first day of May, 1926.

This by-law shall come in force and take effect on its passing.

Ald. Driscoll presented By-law No. 12, 1926. The by-law was read a first time, and the 31st rule being suspended by two-thrids vote a second and third time, the second being in committee of the whole, Ald. Kent in the chair, and was signed and sealed as follows:

BY-LAW NO. 12, 1926.

A By-law to levy a tax of one-half mill on the dollar upon the assessed value of the land in the municipality of the City of Kingston for the purpose of defraying the cost of the collection, removal and disposal of garbage and other refuse throughout the whole municipality.

Passed March 22nd, 1926.

WHEREAS By-law No. 42, 1915 (A By-law to provide for the collection, removal and disposal of garbage and other refuse") was passed by the Council of the Corporation of the City of Kingston, September 15th, 1915;

AND WHEREAS Section 19 of the said by-law provides as follows:

19. The expense of the collection, removal and disposal by the Corporation of said garbage and other refuse throughout the whole municipality shall be borne by the owners and occupants of the land therein, and an annual special rate shall be imposed upon such land according to its assessable value, sufficient to defray the expense of such collection, removal and disposal, and no land within the municipality shall be exempt from the said annual special rate, anything in general or special Act or any by-law to the contrary notwithstanding. The said annual special rate shall be placed upon the Collector's Roll during the year in which the same is to be collected, and shall be collected in like manner and at the same time as all other municipal taxes."

AND WHEREAS it will require an annual special rate of one-half mill on the dollar on the assessed value of the land within the municipality of the city of Kingston to defray the expenses of the collection, removal and disposal by the Corporation of garbage and other refuse throughout the whole municipality.

AND WHEREAS the assesed value of the said land as stated in the revised and adopted assessment roll of the said municipality for the year 1926 amounts to $21,000,000;

BE IT THEREFORE ENACTED by the Council of the Corporation of the City of Kingston as follows:

1. The sum of $10,500 required to defray the expenses of

the collection, removal and disposal by the Corporation of garbage and other refuse throughout the whole municipality of the City of Kingston shall be raised by the levy of a special rate, "The Garbage, etc., rate" of one-half mill on the dollar upon the whole assessed value of the land within the said municipality, which rate shall be in addition to all other rates for which the said land is and shall be liable.

2. The City Clerk shall place upon the Collector's Roll opposite the several names of the persons assessable the amounts assessable against the said land in respect of such special rate.

3. The said amounts shall be payable in each year to the collector of the municipal taxes of the City of Kingston, who is hereby authorized to collect the said amounts at the same time, and in the same manner, and with like remedies as ordinary taxes upon the real estate are collectible, and under the provisions of the Assessment Act.

4. That the amount collected from the said date shall be expended in defraying the expense of the collection, removal and disposal by the Corporation of said garbage and other refuse, and not otherwise.

This by-law shall come in force and take effect on its passing.

City Clerk. Mayor.

BY-LAW NO. 14, 1926.

A BY-LAW to raise by way of a loan the sum of $25,000 by the issue of Debentures of the Municipality of the City of Kingston, for the purposes herein mentioned.

Passed this day of April, 1926.

WHEREAS it is expedient to make certain alterations, improvements and repairs to the grounds and premises of the Corporation of the City of Kingston, known as the Fair Grounds, in the said City, and to raise the money to meet the cost of the same by the issue of debentures of this Corporation and to pass a By-law to authorize said issue.

AND WHEREAS the amount of the debt to be created is $25,000.00.

AND WHEREAS the total amount required to be raised annually during the currency of said debt by a special rate on the rateable property liable thereto for paying the said debt and interest as hereinafter provided is $3,332.50.

AND WHEREAS the amount of the existing debenture debt of the said Municipality, exclusive of the local improvement debts, secured by special rates, acts or assessments, is $2,005,275.47 and no part of the same or the interest thereon is in arrears.

AND WHEREAS the total amount of the whole rateable property according to the last revised assessment roll, being for the year 1926, is $17,421,300.

BE IT THEREFORE ENACTED by the Council of the Corporation of the City of Kingston, as fololws:—

1. It shall be lawful for the Mayor of the said City to raise by way of loan from any person or persons, body or bodies corporate who may be willing to lend the same upon the credit of the Corporation by the issue of the debentures hereinafter mentioned the sum of $25,000 and to cause the same to be paid into the hands of the Treasurer of the Corporation for the purpose of this By-law.

2. It shall be lawful for the said Mayor to cause any number of debentures to be made for such sums of money as may be required, not less than $100 each and not exceeding in the whole the said sum of $25.000, and the said debentures shall be sealed with the seal of the said Corporation and signed by the Mayor and countersigned by the said Treasurer thereof, and shall be used to raise the sum of $25,000 by way of loan as aforesaid for the purpose aforesaid.

3. The said debentures shall be dated 1st July, 1926, and shall be payable on the first day of July, 1936, at the office of the Treasurer of the said City of Kingston in the said City.

4. The said debentures shall bear interest at the rate of five per cent per annum from the 1st day of July, 1926, which interest shall be payable half-yearly on the first days of the months of January and July in each year, at the office of the said Treasurer in the said City of Kingston and the said debentures shall have interest coupons attached to them, which coupons shall be signed by the said Treasurer.

5. There shall be raised annually during the currency of said debentures the sum of $1,250.00 for the payment of the interest thereon and the sum of $2,082.50 to form a sinking fund for the payment of the said debt. The said sums making together the annual amount of $3,332.50 to be raised, levied and collected in each year during the period of ten years by an annual special rate sufficient therefor.

6. This By-law shall come in force and take effect upon

the passing thereof and its approval by the Municipal Board, if necessary.

City Clerk. Mayor.

BY-LAWS

Ald. Price phesented By-law No. 22, 1926. The by-law was read a first time, and the 31st rule being suspended by two-thirds vote a second and third time, the second being in committee of the whole, Ald. Hebert in the chair, and was signed and sealed as follows:

BY-LAW NO. 22, 1926.

A By-law to authorize the construction of sheet asphalt pavements and walks and concrete curbs on certain streets in the City of Kingston as local improvements under the provisions of the Local Improvement Act.

Passed May 3rd, 1926.

WHEREAS it is expedient that the works hereinafter described should be undertaken as local improvements, and notice of the intention of the Council to undertake such works has been duly published.

THEREFORE the Municipal Council of the Corporation of the City of Kingston enacts as follows:

1. That it is determined and declared, this by-law being passed by a vote of two-thirds of all the members of the Council, that it is desirable that the construction of a sheet asphalt pavement on a four-inch concrete base on Bagot street from Clarence street to Johnston street; and on Brock street from Nelson street to Victoria street; and on Earl street from Albert street to Victoria street; and on Livingston avenue from King street to Union street; and on Mack street from Alfred street to Victoria street, and on Pembroke street from King street to Union street, and that there should be constructed concrete walks on Earl street, south side, from Collingwood street to Victoria street, and on Pembroke street, west side, from Union street to Davidson street; and that there be constructed concrete curbs on the south side of Mack street from Alfred street to Albert street, and on the south side of Mack street from Nelson street to Victoria street, all as set out in the schedule hereto annexed, and marked "A," shall be undertaken as local improvements under the provisions of the Local Improvement Act.

2. That as above determined and declared, the construction of a sheet asphalt pavement on a four-inch concrete base on Bagot street from Clarence street to Johnston street; and on Brock street from Nelson street to Victoria street; and on Earl street from Albert street to Victoria street; and on Livingston avenue from King street to Union street; and on Mack street from Alfred street to Victoria street, and on Pembroke street from King street to Union street, and the construction of concrete walks on Earl street, south side, from Collingwood street to Victoria street, and on Pembroke street, west side, from Union street to Davidson street; and the construction of concrete curbs on the south side of Mack street from Alfred street to Albert street, and on the south side of Mack street

from Alfred street to Albert street, and on the south side of Mack street from Nelson street to Victoria street, all as set out in a schedule hereto annexed and marked "A," be constructed as local improvements under the provisions of the Local Improvement Act.

3. That before proceeding with the work of constructing the said sheet asphalt pavements on a four-inch concrete base on Bagot street from Clarence street to Johnston street; and on Brock street from Nelson street to Victoria street; and on Earl street from Albert street to Victoria street; and on Livingston avenue from King street to Union street; and on Mack street from Alfred street to Victoria street, and on Pembroke street from King street to Union street, all necessary private drain connections be made from the main sewer to the street line on both sides, and all necessary water mains, service pipes and stop cocks be laid, and also all necessary alterations in the same be made, and also all necessary gas mains, service pipes and stop cocks be laid and all necessary alterations in the same be made, and that the cost of the water or gas service pipes and stop cocks, and any alterations in the same and the costs of the private branch drains and connections be specially assessed on the particular lots to serve which they are constructed or effected, and the lots effected and to be specially assessed for such additional works are set out in the schedule hereto annexed and marked "B."

4. The Engineer of the corporation do forthwith make such plans, profiles and specifications and furnish such information as may be necessary for the making of contracts for the execution of the works.

5. The work shall be carried on and executed under the superintendence and according to the directions and orders of such Engineer.

6. The Mayor and Clerk are authorized to cause a contract or contracts for the construction of the works to be made and entered into with some person or persons, firm or corporation, subject to the approval of this Council to be declared by resolution.

7. The Treasurer may, subject to the approval of the

Council, agree with any bank or person for temporary advances of money to meet the cost of the works pending the completion of them.

8. The special assessment for the sheet asphalt pavement on a four-inch concrete base shall be paid by ten annual instalments, that period being the lifetime of the said work, and the special assessment for the concrete walks and concrete curbs shall be paid by twenty annual instalments, that period being within the lifetime of the said works.

9. The debentures to be issued for the loan to be effected to pay for the cost of the works when completed shall bear interest at a rate to be fixed by a money by-law to be hereafter passed by the Council, and to be made payable within ten and twenty years respectively, on the sinking fund plan, and in settling the sum to be raised annually to pay the debt, the rate of interest on investments shall not be estimated at more than 5½% per annum.

10. Any person whose lot is specially assessed may commute for a payment in cash the special rates imposed thereon by paying the portion of the cost of construction assessed upon such lot, without interest, forthwith after the Special Assessment Roll has been certified by the Clerk, and at any time thereafter by the payment of such a sum as when invested at four per cent. per annum will provide an annuity sufficient to pay the special rates for the unexpired portion of the term as they fall due.

This by-law shall come in force and take effect on its passing.

(Signed)

W. W. SANDS,
City Clerk.

Ald Price presented By-law No. 23, 1926. The by-law was read a first time, and the 31st rule being suspended by two-thirds vote a second and third time, the third being in committee of the whole, Ald. J. F. Johnston in the chair, and was signed and sealed as follows:

BY-LAW NO. 23, 1926.

A By-law to construct a tile sewer on the street in the City of Kingston hereinafter mentioned as a local improvement under the provisions of the Local Improvement Act.

Passed May 3rd, 1926.

WHEREAS it is expedient that the construction of the work hereinafter described shall be undertaken as a local improvement, and notice of the intention of the Council to undertake such work has been duly published.

AND WHEREAS the Provincial Board of Health has approved of the construction of the said sewer;

THEREFORE the Municipal Council of the corporation of the City of Kingston enacts as follows:

1. That it is determined and declared, this by-law being passed by a vote of two-thirds of all the members of the Council, that it is desirable that the construction of a nine-inch tile sewer on Pine street, in the City of Kingston, from Lansdowne street westerly three hundred and twenty-five feet, as set out in the schedule hereto attached marked "A," should be undertaken as a local improvement under the provisions of the Local Improvement Act.

2. That as above determined and declared the said sewer be constructed on the said street, in the said City as a local improvement under the provisions of the Local Improvement Act.

3. The Engineer of the corporation do forthwith make such plans, profiles and specifications and furnish such infor-

mation as may be necessary for the making of a contract for the execution of the work.

4. The work shall be carried on and executed under the superintendence and according to the directions and orders of such Engineer.

5. The Mayor and Clerk are authorized to cause a contract for the construction of the work to be made and entered into with some person or persons, firm or corporation, subject to the approval of this Council, to be declared by resolution.

6. The Treasurer may (subject to the approval of the Council) agree with any bank or person for temporary advances of money to meet the cost of the work pending the completion of it.

7. The special assessment shall be paid in twenty annual instalments (which is within the lifetime of the work).

8. The debentures to be issued for the loan to be effected to pay for the cost of the work when completed shall bear interest at a rate to be fixed by a money by-law to be hereafter passed by Council, and to be made payable within twenty years on the sinking fund plan, and, in settling the sum to be raised annually to pay the debt, the rate of interest on investment shall not be more than four per cent. per annum.

BY-LAWS.

Ald. Price presented By-law No. 24, 1926. The By-law was read a first time, and the 31st rule being suspended by two-thirds vote a second and third time, the second being in committee of the whole, Ald. Kent in the chair, and was signed and sealed as follows:—

BY-LAW NO. 24, 1926.

A BY-LAW to authorize the construction of sheet asphalt pavements and a concrete walk on certain streets in the City of Kingston as local improvements under the provision of the Local Improvement Act.

Passed May 18th, 1926.

WHEREAS it is expedient that the works hereinafter described should be undertaken as local improvements, and notice of the intention of the Council to undertake such works has been duly published.

THEREFORE the Municipal Council of the corporation of the City of Kingston enacts as follows:—

1. That it is determined and declared, this By-law being passed by a vote of two-thirds of all the members of the Council,

that it is desirable that the construction of a sheet asphalt pavement on old macadam base on Brock street from Barrie street to Alfred street; on Earl street from Frontenac street to Albert street; and on Union street from Alfred street to the City limits, and that there should be constructed a sheet asphalt pavement on a four inch concrete base on Nelson street from York street to Princess street and on York street from Alfred street to Nelson street; and that there should be constructed a concrete walk on Bagot street; west side, from Queen street northerly two hundred feet, all as set out in the schedule hereto anexed, and marked "A", shall be undertaken as local improvements under the provisions of the Local Improvement Act.

2. THAT as above determined and declared the construction of a sheet asphalt pavement on old macadam base on Brock street from Barrie street to Alfred street; on Earl street from Frontenac street to Albert street; and on Union street from Alfred street to the City limits, and the construction of a sheet asphalt pavement on a four inch concrete base on Nelson street from York street to Princess street and on York street from Alfred street to Nelson street; and the construction of a concrete walk on Bagot street, west side, from Queen street northerly two hundred feet, all as set out in a schedule hereto annexed and marked "A" be constructed each as a local improvement under the provisions of the Local Improvement Act.

3. THAT before proceeding with the work of constructing the said sheet asphalt pavements on a four-inch concrete base on Nelson street from York street to Princess street and on York street from Alfred street to Nelson street, all necessary private drain connections to be made from the main sewer to the street line on both sides, and all necessary water mains, service pipes and stop-cocks be laid, and also all necessary alterations in the same be made, and also all necessary gas mains, service pipes and stop-cocks be laid, and all necessary alterations in the same be made, and also all necessary gas mains, service pipes and stop-cocks be laid and all necessary alterations in the same be made, and that the cost of the water or gas service pipes and stop-cocks and any alterations in the same, and the costs of the private branch drains and connections be specially assessed on the particular lots to serve which

they are constructed or erected, and the lots effected and to be specially assessed for such additional works are set out in the schedule hereto annexed and marked "B".

4. The Engineer of the corporation do forthwith make such plans, profiles and specifications and furnish such information as may be necessary for the making of contracts for the execution of the works.

5. The work shall be carried on and executed under the superintendence and according to the directions and orders of such Engineer.

6. The Mayor and Clerk are authorized to cause a contract or contracts for the construction of the works to be made and entered into with some person or persons, firm or corporation, subject to the approval of this Council to be declared by resolution.

7. The Treasurer may, subject to the approval of the Council, agree with any bank or person for temporary advances of money to meet the cost of the works pending the completion of them.

8. The special assessment for the sheet asphalt pavement on old macadam base and the sheet asphalt pavement on the four-inch concrete base shall be paid by ten annual instalments, that period being the lifetime of the said work, and the special assessment for the concrete walk shall be paid by twenty annual instalments, that period being within the lifetime of the said work.

9. The debentures to be issued for the loan to be effected to pay for the cost of the works when completed shall bear interest at a rate to be fixed by a money by-law to be hereafter passed by the Council, and to be made payable within ten and twenty years respectively, on the sinking fund plan, and in settling the sum to be raised annually to pay the debt, the rate of interest on investments shall not be estimated at more than 5½% per annum.

10. Any person whose lot is specially assessed may com-

mute for a payment in cash the special rates imposed thereon by paying the portion of the cost of construction assessed upon such lot, without interest, forthwith after the Special Assessment Roll has been certified by the Clerk, and at any time thereafter by the payment of such a sum as when invested at four per cent. per annum will provide an annuity sufficient to pay the special rates for the unexpired portion of the term as they fall due.

This by-law shall come in force and take effect on its passing.

BY-LAWS.

Ald. Price presented By-law No. 26, 1926. The By-law was read a first time and the 31st. rule being suspended by two thirds vote a second and third time, the second being in committee of the whole, Ald. Kidd in the chair and was signed and sealed as follows:'—

BY-LAW NO. 26, 1926.

A BY-LAW to raise by way of loan the sum of $15,256.15 by the issue of debentures to meet the cost of construction of sewers, concrete walks, asphalt walks and concrete curbs in those portions of the streets of the City of Kingston mentioned in the schedule annexed to this by-law.

Passed May 31st, 1926.

AND WHEREAS by a two-thirds vote of all the members of the Council of the corporation of the City of Kingston, due notice of the intention of the Council to undertake such works having been duly published, it was determined to construct the concrete walks mentioned and described in column one of Part I of the schedule hereto annexed as local improvements under the Local Improvement Act.

AND WHEREAS by a two-thirds vote of all the members of the council of the corporation of the City of Kingston, due notice of the intention of the Council to undertake such work having been duly published, it is determined to construct common sewers as local improvements under the said Act, on the portion of the streets mentioned and described in column one of Part II of the schedule hereto annexed.

AND WHEREAS the Provincial Board of Health has approved of the construction of the sewers mentioned in Part II of said schedule.

AND WHEREAS by a two-thirds vote all the members of the Council of the corporation of the City of Kingston, due notice of the intention of the Council to undertake such works having been duly published, it was determined to construct the asphalt walks mentioned and described in column one of Part III of the schedule hereto annexed as local improvements under the Local Improvement Act.

AND WHEREAS by a two-thirds vote of all the members of the Council of the corporation of the City of Kingston, due notice of the intention of the Council to undertake such works having been duly published, it was determined to construct the concrete curbs mentioned and described in column one of Part IV of the schedule hereto annexed as local improvements under the Local Improvement Act.

AND WHEREAS the said several walks and sewers were duly constructed and temporary advances were obtained to meet the cost thereof, and a report has been made thereupon showing that the said respective works have been fully completed and a special assessment roll has been prepared by the City Engineer, pursuant to the by-law in that behalf, showing the cost of the said several works respectively and making an assessment therefor upon the several lots abutting directly on the respective works, and it has been certified that the period of twenty years is the probable life of each of the said several works.

AND WHEREAS the assessed value of the whole real property ratable in respect of the said several improvements as ascertained and finally determined is the amount mentioned in the eighth column of the said schedule respectively opposite the said several works as described in the first column of said schedule.

AND WHEREAS the total cost of the said several improvements is as mentioned in the second column of the said schedule respectively and the corporation's portion of such cost is as mentioned in the third column of the said schedule respectively, and the portion of such costs chargeable against the several lots abutting directly on the work is as mentioned in the fourth column of the said schedule respectively opposite the said several works, as described in the first column of said schedule.

AND WHEREAS the number of feet frontage of the lots chargeable in case of each such local improvement works is as set down in the fifth column of said schedule and the cost per foot frontage chargeable against the lots chargeable in respect of each of such works is as set down in the sixth column of each such schedule respectively opposite each works as described in the first column of said schedule, and the annual rate per foot frontage to be levied in each year for the period of twenty years upon the several lots abutting directly upon and chargeable in respect of each such work is as set down in the seventh column of the said schedule respectively opposite each such work as described in the first column of said schedule, and the said schedule is in all these particulars the same respectively as ascertained and determined by the said report and roll and statement of the City Engineer and by the Court of Revision and by the County Judge (where an appeal was had) in respect of each of the said several works.

AND WHEREAS the sum of $15,256.15, being the total cost of the said works, is the amount of the debt to be created by this by-law and for the purpose of repaying the said temporary advances it is expedient to raise the said sum of $15,256.15 by the issue of debentures of the said City of Kingston, the principal to be payable in twenty years from the first day of January, 1926, as hereinafter provided.

AND WHEREAS it will require the sum of $450.46 to be raised annually for a period of twenty years to pay the sum of $5,388.37 (being the corporation's portion of the cost of the said works) and interest at the rate of 5% per annum payable half-yearly, and it will require the sum of $824.95 raised annually for a period of twenty years to pay the sum of $9,867.78 (being the property owners' portion of the said cost of the said works) and interest at the said rate payable half-yearly.

AND WHEREAS the whole ratable property of the said City of Kingston, according to the last revised assessment roll, is the sum of $17,421,300, and the amount of the existing debenture debt of the said city, exclusive of local improvement debts, secured by special acts, rates or assessments, is the sum of $2,005,275.47, of which neither principal or interest is in arrears.

BE IT THEREFORE ENACTED by the Council of the corporation of the City of Kingston as follows:—

1. It shall be lawful for the Mayor of the said city to raise by way of loan from any person or persons, body or bodies corporate who may be willing to lend the same upon the credit of the corporation by the issue of debentures hereinafter mentioned, the sum of $15,256.15, and to cause the same to be paid into the hands of the Treasurer for the purpose of this by-law.

2. It shall be lawful for the said Mayor to cause any number of debentures to be made for such sum of money as may be required, not less than $100 each, and not exceeding in the whole the said sum of $15,256.15, and the said debentures shall be sealed with the seal of the said corporation and signed by the Mayor and countersigned by the said Treasurer thereof, and shall be used to raise the sum of $15,256.15 by the way of loan as aforesaid for the purpose aforesaid.

3. The said debentures shall be dated the 1st. of January, 1926, and shall be payable on the first day of January, 1946, at the office of the Treasurer of the said City of Kingston, in the said city.

4. The said debentures shall bear interest at the rate of five percent. per annum, which interest shall be payable half-

yearly on the first days of the months of January and July in each year, at the office of the said Treasurer, in the said City of Kingston, and the said debentures shall have interest coupons attached to them, which coupons shall be signed by the said Treasurer.

5. As to the said sum of $5,388.37 being the corporation's portion of the cost of the said several works as described in column one of the said schedule hereto annexed, there shall be raised annually during the currency of the debentures the sum of $269.42 for the interest thereon and the sum of $181.04 to form a sinking fund for the payment of the debt, the said sums making together the annual amount of $450.46 to be raised, levied and collected in each year during the said period of twenty years by annual special rates sufficient therefor to be levied on the whole ratable property in the said municipality.

6. As to the said sum of $9,867.78, being the owners' portion of the cost of the said several works as described in column 1 of the said schedule hereto annexed, there shall be raised annually during the currency of the said debentures the sum of $493.39 for the payment of interest thereon, and the sum of $331.56 to form a sinking fund for the payment of the said portion of the said debt, the said sums making together the annual amount of $824.95. For the payment of the owners' portion of the cost $9,867.78 and the annual interest thereon, $331.56, the several special assessments set forth in the said Special Assessment Rolls are hereby imposed upon the lands liable therefor and therein severally set forth, which said annual assessments with a sum sufficient to cover the interest thereon at the rate aforesaid shall be payable in twenty equal annual instalments, as severally set forth in Column No. 7, opposite the said several works and described in Column No. 1 of the schedule hereto annexed, and for that purpose the equal annual special rate per foot frontage applicable to each work as set forth in Column No. 7, is hereby imposed in the case of each of such works upon the lots abutting directly upon said works as described in Column No. 1 of said schedule according to the assessed frontage thereon, over and above all other rates and taxes, which said special rates shall be collected annually by the collector of taxes for the corporation at the same time and in the same manner as other taxes.

7. The said debentures shall be sold and the proceeds

thereof shall be applied in paying and discharging the temporary loan or debt incurred in and for the construction of the said works, and in no other way and for no other purpose whatever.

8. Any person whose lands are assessed for the said special rate in respect of any of the said local improvements may commute for the payment of his proportionate share of the cost of the said improvements as aforesaid by paying a principal sum according to his frontage and shown in the said roll of the City Engineer as finally revised up to the end of two weeks from and after this by-law shall take effect, after which the said debentures shall be issued, and no commutation shall be permitted, and the lands of persons commuting shall not be subject to the said special rate, and the amount of the said debentures shall be reduced by the amount paid as commutation.

This by-law shall come in force and take effect on its passing.

Ald. Price presented By-law No. 27, 1926. The By-law was read a first time and the 31st. rule being suspended by two-thirds vote a second and third time, the second being in committee of the whole, Ald. Laturney in the chair and was signed and sealed as follows:—

BY-LAW NO. 27, 1926.

A BY-LAW to raise by way of loan the sum of $133,720.59 by the issue of debentures to meet the cost of construction of asphalt pavement, etc., on those portions of the streets in the City of Kingston mentioned in the schedule annexed to this by-law.

Passed May 31st., 1926.

WHEREAS in the opinion of two-thirds of all the members of the Council of the corporation of the City of Kingston it was desirable in the public interest to construct asphalt pavements as local improvements on the several portions of streets mentioned and described in column one of the schedule "A", hereto annexed, and by the requisite affirmative vote of three-fourths of the members of said Council, to provide from the general funds of the municipality forty per cent. of that portion of the cost of the construction of the said pavement falling on the property benefited in addition to the part of such cost to be provided by the municipality and to add said forty per cent. to the said part of the cost of construction of the said roadway to be provided by the municipality and to issue debentures for the amount thus obtained.

AND WHEREAS before proceeding with the work the necessary private drain connections from the main sewer to the street line and the necessary water and gas mains, service pipes and stop cocks were made and laid as set out in schedule "B", the cost of which is to be assessed only upon the particular lot to serve which it was constructed or effected.

AND WHEREAS the said pavements and private branch drains, water and gas mains were duly constructed and temporary advances were obtained to meet the cost thereof, and a report has been made thereupon showing that said works have been fully completed, and that a special assessment roll has been prepared by the City Engineer pursuant to the by-law in that behalf, showing the cost of the said works and making an assessment therefor upon the several lots abutting directly on the works, and it has been certified that the period of ten years is the probable life of the said works.

AND WHEREAS the assessed value of the whole real property ratable in respect of said several improvements as ascertained and finally determined is the amount mentioned in the eighth column of the said schedule "A" opposite the said several works as described in the first column of said schedule.

AND WHEREAS the total cost of the said several improvements is as mentioned in the second column of the said schedule, and the corporation's portion of such cost is as mentioned in the third column of the said schedule, and the portion of such cost chargeable against the several lots abutting directly on the works is as mentioned in the fourth column of the said schedule opposite the said several works as described in the first column of the said schedule.

AND WHEREAS the number of feet frontage of the lots chargeable in case of each of such local improvement works is as set down in the fifth column of said schedule and the cost per foot frontage chargeable against the lots chargeable in respect of each such work is as set down in the sixth column of said schedule opposite each such work as described in the first column of said schedule, and the annual rate per foot frontage to be levied in each year for the period of ten years upon the several lots abutting directly upon and chargeable in respect of each work is as set down in the seventh column of the said schedule opposite each of such work as described in the first column of said schedule, and the said schedule is in all these particulars the same respectively as ascertained and determined by the said report and roll and statement of the City Engineer and by the Court of Revision and by the County Judge (where an appeal was had) in respect of each of the said several works.

AND WHEREAS the sum of $133,720.59 being the total cost of all the said works is the amount of the debt to be created by this by-law and for the purpose of repaying the said temporary advances, it is expedient to raise the said sum of $133,720.59 by the issue of debentures of the said City of Kingston, the principal to be payable in ten years from the first day of January, 1926, as hereinafter provided.

AND WHEREAS it will require the sum of $8,728.83 raised annually for a period of ten years to pay the sum of $65,482.62 (being the corporation's portion of the said cost of the said works) and interest at the rate of 5% per annum, payable half-yearly, and it will require the sum of $9,096.12 raised annually for a period of ten years to pay the sum of $68,237.97 (being the property owners' portion of the said cost of the said works) and interest at the rate, payable half-yearly.

AND WHEREAS the whole ratable property of the said City of Kingston according to the last revised assessment roll is the sum of $17,421,300, and the amount of the existing debenture debt of the said city, exclusive of local improvement debts secured by special acts, rates or assessments, is the sum of $2,005,275.47, of which neither principal nor interest is in arrears.

BE IT THEREFORE ENACTED by the Council of the corporation of the City of Kingston as follows:—

1. It shall be lawful for the Mayor of the said city to raise by way of loan from any person or persons, body or bodies corporate, who may be willing to lend the same upon the credit of the corporation by the issue of the debentures hereinafter mentioned the sum of $133,720.59 and to cause the same to be paid into the hands of the Treasurer for the purpose of this by-law.

2. It shall be lawful for the said Mayor to cause any number of debentures to be made for such sum of money as may be required not less than $100 each and not exceeding in the whole the said sum of $133,720.59, and the said debentures shall be sealed with the seal of the said corporation and signed by the Mayor and countersigned by the said Treasurer thereof, and shall be used to raise the sum of $133,720.59 by way of loan as aforesaid for the purpose aforesaid.

3. The said debentures shall be dated January, 1926, and

shall be payable on the first day of January, 1936, at the office of the Treasurer of the City of Kingston, in the said city.

4. The said debentures shall bear interest at the rate of 5% per annum, which interest shall be payable half-yearly on the first days of the months of January and July in each year at the office of the said Treasurer in the said City of Kingston, and the said debentures shall have interest coupons attached to them, which coupons shall be signed by the Treasurer.

5. As to the said sum of $65,482.62, being the corporation's portion of the cost of the said several works as described in column one of the schedule hereto annexed, there shall be raised annually during the currency of the debentures the sum of $3,274.13 for the interest thereon and the sum of $5,454.70 to form a sinking fund for the payment of the said debt. the said sum making together the annual amount of $8,728.83 to be raised, levied and collected in each year during the said period of years by annual special rate sufficient therefor to be levied on the whole ratable property in the said municipality.

6. As to the said sum of $68,237.97, being the owner's portion of the cost of the said several works as described in column one of schedule "A" and set out in schedule "B" hereto annexed, there shall be raised annually during the currency of the said debentures the sum of $3,411.90 for the payment of the interest thereon and the sum of $5,684.22 to form a sinking fund for the payment of the said portion of the said debt, the said sums making together the annual amount of $9,096.12. For the payment of the owners' portion of the cost $68,237.97 and the interest thereon, the several special assessments set forth in the said Special Assessment Rolls and in the schedules hereto annexed, are hereby imposed upon the lands liable therefor as therein severally set forth, which said annual assessments, with a sum sufficient to cover the interest thereon at the rate aforesaid, shall be payable in ten equal annual instalments as severally set forth in column seven of schedule "A" and in column six of schedule "B", and for that purpose the special annual rate per foot frontage set forth in schedule "A", and the special annual rate per foot frontage of lot as set forth in schedule "B", hereto annexed, are hereby imposed upon the lots entered in the said Special Assessment Roll and schedule "A", according to the assessed frontage thereof and as set out in schedule "B" over and above all other rates and

taxes, which said special rates shall be collected annually by the collector of taxes for the corporation at the same time and in the same manner as other taxes.

7. The said debentures shall be sold and the proceeds thereof shall be applied in paying and discharging the temporary loan or debt incurred in and for the construction of the said works and in no other way and for no other purpose whatever.

8. Any person whose lands are assessed for the said special rate in respect of any of the said local improvements may commute for the payment of his proportionate share of the cost of the said improvements as aforesaid by paying a principal sum according to his frontage as shown in the said roll of the City Engineer as finally revised up to the end of two weeks from and after this by-law shall take effect, after which the said debentures shall be issued, and no commutation shall be permitted, and the lands of persons commuting shall not be subject to the said special rate, and the amounts of the said debentures shall be reduced by the amount paid as commutation.

9. This by-law shall come in force and take effect on its passing.

Ald. Price presented By-law No. 28, 1926. The By-law was read a first time, and the 31st. rule being suspended by two-thirds vote a second and third time, the second being in committee of the whole, Ald. Martin in the chair and was signed and sealed as follows:—

BY-LAW NO. 28, 1926.

A BY-LAW to authorize the construction of sheet asphalt pavements on a four inch concrete base on certain streets in the City of Kingston as local improvements under the provisions of the Local Improvement Act.

Passed May 31st., 1926.

WHEREAS it is expedient that the works hereinafter described should be undertaken as local improvements, and works has been duly published.

THEREFORE the Municipal Council of the corporation of the City of Kingston enacts as follows:—

1. That it is determined and declared, this by-law being passed by a vote of two-thirds of all the members of the Council, that it is desirable that the construction of a sheet asphalt pavement on a four-inch concrete base, on the following streets in the City of Kingston, namely, on Alfred street, from Pine street to York street; on Arch street, from Union street to Stuart street; on Charles street, from Montreal street to Patrick street; on Charles street, from Rideau street to Bagot street; on Chatham street, from Princess street to York street; on Colborne street, from Division street to Chatham street; on Deacon street, from Barrie street to Arch street; on George street, from Stuart street to King street; on Jenkins street, from Alfred street to Frontenac street; on O'Kill street, from Barrie street to King street; on Patrick street, from Charles street to Pine street; on Pine street, from Division to Alfred street; on Plum street, from Barrie street to Cherry street; on Raglan Road, from Montreal street to Division street; on Sydenham street, from Ordnance street to Raglan Road; on Victoria street, from Princess street to Concession

street, and on York street, from Division street to Pine street, as set out in the schedule hereto annexed marked "A", shall each be undertaken as a local improvement under the provisions of the Local Improvement Act.

2. That as above determined and declared, a sheet asphalt pavement, on a four-inch concrete base, be constructed on the following streets as above, namely; on Alfred street, from Pine street to York street; on Arch street, from Union street to Stuart street; on Charles street, from Montreal street to Patrick street; on Charles street, from Rideau street to Bagot street; on Chatham street, from Princess street to York street; on Colborne street, from Division street to Chatham street; on Deacon street, from Barrie street to Arch street; on George street, from Stuart street to King street; on Jenkins street, from Alfred street to Frontenac street; on O'Kill street, from Barrie street to King street; on Patrick street, from Charles street to Pine street; on Pine street, from Division street to Alfred street; on Plum street, from Barrie street to Cherry street; on Raglan Road, from Montreal street to Division street; on Sydenham street, from Ordnance street to Raglan Road; on Victoria street, from Princess street to Concession street, and on York street, from Division street to Pine street, as set out above, each as a local improvement under the provisions of the Local Improvement Act.

3. That before proceeding with the work of constructing the said asphalt pavements with a four-inch concrete base on Arch street, from Union street to Stuart street; on Charles street, from Montreal street to Patrick street; on Charles street, from Rideau street to Bagot street; on Chatham street, from Princess street to York street; on Colborne street, from Division street to Chatham street; on George street, from Stuart street to King street; on Jenkins street, from Alfred street to Frontenac street; on O'Kill street, from Barrie street to King street; on Patrick street, from Charles street to Pine street; on Pine street, from Division street to Alfred street; on Plum street, from Barrie street to Cherry street; on Raglan Road, from Montreal street to Division street; on Sydenham street, from Ordnance street to Raglan Road; on Victoria street, from Princess street to Concession street, and on York street, from Division street to Pine street, all the necessary private drain connections be made from the main sewer to the

street line on both sides, and also al necessary water mains, service pipes and stopcocks be laid, and all necessary alterations in the same be made, and also all necessary gas mains, service pipes and stopcocks be laid, and all necessary alterations in the same be made and that the cost of the water or gas service pipes and stopcocks and any alterations in the same, and the cost of the private branch drains and connections be specially assessed on the particular lots to serve which they are constructed or effected, and the lots affected and to be specially assessed for such additional works are set out in the schedule hereto and marked "B".

4. The Engineer of the corporation do forthwith make such plans, profiles and specifications and furnish such information as may be necessary for the making of contracts for the execution of the said works.

5. The works shall be carried on and executed under the superintendence and according to the directions and orders of such Engineer.

6. The Mayor and Clerk are authorized to cause a contract or contracts for the construction of the works to be made and entered into with some person or persons, firm or corporation subject to the approval of this Council to be declared by resolution.

7. The Treasurer may, subject to the approval of the Council, agree with any bank or person for temporary advances of money to meet the cost of the works pending the completion of them.

8. The special assessment shall be paid by ten annual instalments, that period being within the lifetime of the said works.

9. The debentures to be issued for the loan to be effected to pay for the cost of the works when completed, shall bear interest at a rate to be fixed by a money by-law to be hereafter passed by the Council, and to be made payable within ten years on the sinking fund plan, and in settling the sum to be raised annually to pay the debt, the rate of interest on invest-

ments shall not be estimated at more than four percent. per annum.

10. Any person whose lot is specially assessed may commute for a payment in cash the special rates imposed thereon by paying the portion of the cost of construction assessed upon such lot, without interest, forthwith after the Special Assessment Roll has been certified by the Clerk and at any time thereafter by the payment of such sum as, when invested at four per cent. per annum, will provide an annuity sufficient to pay the special rates for the unexpired portion of the term as they fall due.

This by-law shall come in force and take effect on its passing.

(Signed)

W. W. SANDS,
City Clerk.

THOS. B. ANGROVE,
Mayor. [L.S.]

Ald. Kent presented By-law No. 29, 1926. The By-law was read a first time and the 31st. rule being suspended by two-thirds vote a second and third time, the second being in committee of the whole, Ald. Milne in the chair and was signed and sealed as follows:—

BY-LAW NO. 29, 1926.

A BY-LAW to amend By-laws No. 12 of the Revised By-laws of the City of Kingston.

Passed May 31st., 192.

BE IT ENACTED by the Council of the Corporation of the City of Kingston, as follows:—

1. By-law No. 12 of the revised by-laws of the City of Kingston is amended by repealing clauses 6 and 7 of said By-law and substituting as clauses 6 and 7 the following clauses respectively:—

"6. Before a license to keep a billard, pool or bagatelle table; a bowling alley; a shooting or rifle gallery; a roller skating rink; a intelligence office; a pawn-broker's store; a vitualling house, ordinary or other place of public reception; refreshment or entertainment; or to carry on the business of an auctioneer; or hawker, pedlar or petty chapman; or transient trader; or butcher; or bill-poster or laundry is granted, the Inspector of License shall ascertain if the applicant therefor is of good character and the premises suitable and desirable for the purpose for which a license is sought; and if he ascertain that said applicant is of good character and that the premises are suitable and that it is desirable that the license applied for should be granted, upon the other provisions of this By-law being compiled with, and the application therefor being approved by Council, a certificate to the City Treasurer may be issued by said Inspector of License; but if he ascertain that the applicant's character is not good, or that the premises be not suitable, or it be considered inadvisable to grant a license to the applicant for the premises, then no such license shall be granted, except upon the order of this Council, after due consideration of the application, and of a report from the Inspector of Licenses thereon, and any representation the applicant may desire to make concerning the same".

"7. Upon the application of every person for a license to carry on any of the trades or businesses hereinafter mentioned except to sell meat or milk, the Inspector of Licenses shall, after inspection and approval of the premises and applicant and upon the approval of the application by the City Council, in a proper case, and upon the applicant giving security where required, certify to the City Treasurer, in writing, that such person is entitled to receive a license to carry on the trade or business mentioned in his application and thereupon a license shall be issued by the City Treasurer, upon a payment to him of the proper license fee and the giving of security where required, and every license shall be made out in duplicate, and shall state the name and place of business of the licensee, the thing or business licensed, the number, street or other description of the premises or place to be occupied or used in connection with such license, the period for which such license has been granted, with the price paid therefor, and one duplicate shall be delivered to the licensee, and one duplicate shall be kept in a book by the City Treasurer, who shall keep a record of all licenses issued or transferred during each year by him, with names, places, descriptions and other full particulars of the same.

This By-law shall come in force and take effect on its passing.

Ald. Price presented By-law No. 30, 1926. The By-law was read a first time, and the 31st. rule being suspended by two-thirds vote a second and third time, the second being in committee of the whole, Ald. Sargent in the chair and was signed and sealed as follows:—

BY-LAW NO. 30, 1926.

A BY-LAW to raise by way of loan the sum of $6,933.20 by the issue of debentures to meet the cost of construction of macadam roadway, etc., on Division street, from Stephen street to the City Limits, in the City of Kingston.

Passed May 31st., 1926.

WHEREAS in the opinion of two-thirds of all the members of the Council of the corporation of the City of Kingston it was desirable in the public interest to construct a macadam roadway as local improvement on the aforesaid street, and by the requisite affirmative vote of three-fourths of the members of said Council, to provide from the general funds of the municipality forty per cent. of that portion of the cost of the construction of the said roadway falling on the property benefited in addition to the part of such cost to be provided by the municipality and to add said forty per cent. to the said part of the cost of construction of the said roadway to be provided by the municipality and to issue debentures for the amount thus obtained.

AND WHEREAS the said roadways were duly constructed and temporary advances were obtained to meet the cost thereof, and a report has been made thereupon showing that said works have been fully completed, and that a special assessment roll has been prepared by the City Engineer pursuant to the by-law in that behalf, showing the cost of the said work and making an assessment therefor upon the several lots abutting directly on the works, and it has been certified that the period of five years is the probable life of the said works.

AND WHEREAS the assessed value of the whole real property ratable in respect of said improvement as ascertained and finally determined is $11,830.

AND WHEREAS the total cost of the said improvement is $6,933.20, and the corporation's portion of such cost is $4,996.20, and the portion of such cost chargeable against the several lots abutting directly on the works is $1,937.00.

AND WHEREAS the number of feet frontage of the lots chargeable for such local improvement work is 4060.5 and the cost per foot frontage chargeable against the lots liable in respect of such work is $477.03 and the annual rate per foot frontage to be levied in each year for the period of five years upon the several lots abutting directly upon and chargeable in respect of such work is 11.193 cents and the particulars of such work as above set forth are the same respectively as ascertained and determined by the said report and roll and statement of the City Engineer and by the Court of Revision and by the County Judge (where an appeal was had) in respect of said work.

AND WHEREAS the sum of $6,933.20, being the total cost of all the said works is the amount of the debt to be created by this by-law and for the purpose fo repaying the said temporary advances, it is expedient to raise the said sum of $6,933.20 by the issue of debentures of the said City of Kingston, the principal to be payable in five years from the first day of January, 1926, as hereinafter provided.

AND WHEREAS it will require the sum of $1,172.24 raised annually for a period of five years to pay the sum of $4,996.20 (being the corporation's portion of said cost of the said works) and interest at the rate of 5% per annum payable half-yearly, and it will require the sum of $454.47 raised annually for a period of five years to pay the sum of $1,937 (being the property owners' portion of the said cost of the said works) and interest at the said rate, payable half-yearly.

AND WHEREAS the whole ratable property of the said City of Kingston according to the last revised assessment roll is the sum of $17,421,300, and the amount of the existing debenture debt of the said city, exclusive of local improvement debts, secured by special acts, rates or assessments, is the sum of $2,005,275.47, of which neither principal nor interest is in arrear.

BE IT THEREFORE ENACTED by the Council of the Corporation of the City of Kingston as follows:—

1. It shall be lawful for the Mayor of the said city to raise by way of loan from any person or persons, body or bodies

corporate, who may be willing to lend the same upon the credit of the corporation by the issue of the debentures hereinafter mentioned the sum of $6,933.20, and to cause the same to be paid into the hands of the Treasurer for the purpose of this by-law.

2. It shall be lawful for the said Mayor to cause any number of debentures to be made for such sum of money as may be required, not less than $100 each and not exceeding in the whole the said sum of $6,933.20, and the said debentures shall be sealed with the seal of the said Corporation and signed by the Mayor and countersigned by the said Treasurer thereof, and shall be used to raise the sum of $6,933.20 by way of loan as aforesaid for the purpose aforesaid.

3. The said debentures shall be dated the first day of January, 1926, and shall be payable on the first day of January, 1931, at the office of the Treasurer of the said City of Kingston, in the said city.

4. The said debentures shall bear interest at the rate of 5% per annum, which interest shall be payabel half-yearly on the first days of the months of January and July in each year at the office of the said Treasurer in the said City of Kingston, and the said debentures shall have interest coupons attached to them, which coupons shal be signed by the said Treasurer.

5. As to the said sum of $4,996.20, being the Corporation's portion of the cost of the said work, there shall be raised annually during the currency of the debentures the sum of $249.81 for the interest thereon, and the sum of $922.43 to form a sinking fund for the payment of the said debt, the said sum making together the annual amount of $1,172.24 to be raised, levied and collected in each year during the said period of years by annual special rate sufficient therefor to be levied on the whole ratable property in the said municipality.

6. As to the said sum of $1,937.00, being the owners' cost of the said work, there shall be raised annually during the currency of the said debentures the sum of $96.85 for the payment of the interest thereon and the sum of $357.62 to form a sinking fund for the payment of the said portion of the said debt, the said sums making together the annual amount of

$454.47. For the payment of the owners' portion of the cost, $1,937.00 and the interest thereon, the assessment set forth in the said Special Assessment Roll hereby imposed upon the lands liable therefor as therein set forth, which said annual assessments, with a sum sufficient to cover the interest thereon at the rate aforesaid, shall be payable in five (5) equal annual instalments, and for that purpose an annual special rate of 11.193 cents per foot frontage is hereby imposed upon the lots abutting directly upon said work according to the assessed frontage thereof, over and above all other rates and taxes which said special rates shall be collected annually by the collector of taxes for the corporation at the same time and in the same manner as other taxes.

8. Any person whose lands are assessed for the said special rate in respect of any of the said local improvements may commute for the payment of his proportionate by paying a principal sum according to his frontage as shown in the said roll of the City Engineer as finally revised up to the end of two weeks from and after this by-law shall take effect, after which the said debentures shall be issued, and no commutation shall be permitted, and the lands of persons commuting shall not be subject to the said special rate, and the amounts of the said debentures shall be reduced by the amount paid as commutation.

9. This by-law shall come in force and take effect on its passing.

BY-LAWS.

Ald. Kent presented By-law No. 31, 1926. The By-law was read a first time and the 31st. rule being suspended by two-thirds vote a second and third time, the second being in committee of the whole, Ald. McCartney in the chair and was signed and sealed as follows:—

BY-LAW NO. 31, 1926.

A BY-LAW to raise by way of loan the sum of $10,000 for the purposes herein mentioned.

Passed June 28th., 1926.

WHEREAS, the Board of Education for the City of Kingston has applied to this Council to pass a by-law for borrowing the sum of $10,000 by the issue and sale of debentures of this corporation for the purpose of making repairs or improvements to Louise School, one of the public schools of the City of Kingston and for the purchase of furniture, furnishings, school apparatus and other equipment therefor.

AND WHEREAS in the opinion of this Council it is expedient to grant the said application and to pass said by-law.

AND WHEREAS the amount of the debt to be created by this by-law is $10,000, and the object for which it is to be created is to pay for said repairs or improvements to Louise School, one of the public schools of the City of Kingston and for the purchase of furniture, furnishings, school apparatus and other equipment therefor.

AND WHEREAS the total amount required to be raised annually during the currency of said debt by a special rate on the ratable property liable thereto for paying the said debt and interest as herein provided is $678.35.

AND WHEREAS the whole ratable property of the said City of Kingston according to the last revised assessment roll is the sum of $17,421,300, and the amount of the existing debenture debt of the said city, exclusive of local improvement debts secured by special acts, rates, or assessments, is the sum of $2,005,275.47, and no part of the same or of the interest thereon is in arrear.

BE IT THEREFORE ENACTED by the Municipal Council of the corporation of the City of Kingston as follows:

1. It shall be lawful for the Mayor of the said City to raise by way of loan from any person or persons, body or bodies corporate, who may be willing to lend the same on the credit of the corporation by the issue of the debentures hereinafter mentioned, the sum of $10,000.00, and to cause the same to be paid into the hands of the Treasurer for the purpose of this by-law.

2. It shall be lawful for the said Mayor to cause any number of debentures to be made for such sums of money as may be required, not less than $100 each, and not exceeding the whole sum of $10,000, and the said debentures shall be sealed with the seal of the said corporation and signed by the Mayor and countersigned by the said Treasurer thereof, and shall be used to raise the sum of $10,000 by way of loan as aforesaid for the purpose aforesaid.

3. The said debentures shall be dated the first day of July, 1926, and shall be payable on the first of July, 1956, at the office of the Treasurer of the said City of Kingston, in the said City.

4. The said debentures shall bear interest at the rate of five per cent. per annum, payable half yearly on the first days of the months of January and July in each year at the office of the said Treasurer, in the said City of Kingston, and the said debentures shall have interest coupons attached to them, which coupons shall be signed by the said Treasurer.

5. There shall be raised annually during the currency of the debentures the sum of $500.00 for the payment of the interest thereon, and the sum of $178.35 to form a sinking fund for the payment of the said debt, the said sum making together the annual amount of $678.35 to be raised, levied and

collected in each year during the period of thirty years by an annual special rate sufficient therefor to be levied on all the property of the ratepayers of the said municipality who are supporters of public schools.

This by-law shall come in force and take effect on its passing.

BY-LAWS.

Ald. Price presented By-law No. 32, 1926. The by-law was read a first time, and the 31st rule being suspended by two-thirds vote a second and third time, the second being in committee of the whole, Ald. Martin in the chair, and was signed and sealed as follows:

BY-LAW NO. 32, 1926.

A By-law to authorize the construction of concrete walks and a sheet asphalt pavement on a 4″ concrete base on certain streets in the city of Kingston as local improvements under the provisions of the Local Improvement Act.

Passed Oct. 18th, 1926.

WHEREAS it is expedient that the works hereinafter described should be undertaken as local improvements, and notice of the intention of the Council to undertake such works has been duly published.

THEREFORE the Municipal Council of the corporation of the City of Kingston enacts as follows:

1. That it is determined and declared, this by-law being passed by a vote of two-thirds of all the members of the Council, that it is desirable that the construction of a sheet asphalt pavement on a four-inch concrete base on Elm street from Division street to Alfred street, and the construction of concrete walks on Chatham street, west side, from Colborne street southerly 115 feet; on Collingwood street, west side, from the north limit of lot 20 southerly to Earl street; on Dundas street, north side, from Toronto street to Macdonnell street; on Johnston street, north side, from a point 120 feet west of Macdonnell street westerly 430 feet; on Macdonnell street, east side, from Princess street to Brock street; on Park street, south side, from Macdonnell street easterly 430 feet; on Pine street, south side, from Alfred street to Chatham street; on Scott street, north side, from Macdonnell street westerly 180 feet, and on Toronto street, west side, from Dundas street to Park street, all as set out in the schedule hereto annexed, and marked "A," shall be undertaken as a local improvement under the provisions of the Local Improvement Act.

2. That as above determined and declared, the construction of a sheet asphalt pavement on a four-inch concrete base on Elm street, from Division street to Alfred street, and the construction of concrete walks on Chatham street, west side, from Colborne street southerly 115 feet; on Collingwood street,

west side, from the north limit of lot 20 southerly to Earl street; on Dundas street, north side, from Toronto street to Macdonnell street; on Johnston street, north side, from a point 120 feet west of Macdonnell street westerly 430 feet; on Macdonnell street, east side, from Princess street to Brock street; on Park street, south side, from Macdonnell street easterly 430 feet; on Pine street, south side, from Alfred street to Chatham street; on Scott street, north side, from Macdonnell street westerly 180 feet, and on Toronto street, west side, from Dundas street to Park street, all as set out in a schedule hereto annexed and marked "A," be constructed each as a local improvement under the provisions of the Local Improvement Act.

3. That before proceeding with the work of constructing said sheet asphalt pavement on a four-inch concrete base on Elm street from Division street to Alfred street, all necessary private drain connections be made from the main sewer to the street line on both sides, and all necessary water mains, service pipes and stop-cocks be laid, and also all necessary alterations in the same be made, and also all necessary gas mains, service pipes and stop-cocks be laid, and all necessary alterations in the same be made, and that the cost of the water or gas service pipes and stop-cocks and any alterations in the same, and the cost of the private branch drains and connections be specially assessed on the particular lots to serve which they are constructed or effected, and the lots effected and to be specially assessed for such additional works are set out in the schedule hereto annexed and marked "B."

4. The Engineer of the corporation do forthwith make such plans, profiles and specifications and furnish such information as may be necessary for the making of contracts for the execution of the works.

5. The work shall be carried on and executed under the superintendence and according to the directions and orders of such Engineer.

6. The Mayor and Clerk are authorized to cause a contract or contracts for the construction of the works to be made and entered into with some person or persons, firm or corpo-

ration, subject to the approval of this Council to be declared by resolution.

7. The Treasurer may, subject to the approval of the Council, agree with any bank or person for temporary advances of money to meet the cost of the works, pending the completion of them.

8. The special assessment for the sheet asphalt pavement on a four-inch concrete base shall be paid by ten annual instalments, that period being the lifetime of the said work, and the special assessment for the concrete walks shall be paid by twenty annual instalments, that period being within the lifetime of the said works.

9. The debentures to be issued for the loan to be effected to pay for the cost of the works when completed shall bear interest at a rate to be fixed by a money by-law to be hereafter passed by the Council, and to be made payable within ten and twenty years respectively, on the sinking fund plan, and in settling the sum to be raised annually to pay the debt the rate of interest on investments shall not be estimated at more than four per cent. per annum.

10. Any person whose lot is specially assessed may commute for a payment in cash the special rates imposed thereon by paying the portion of the cost of construction assessed upon such lots, without interest forthwith after the Special Assessment Roll has been certified by the Clerk, and at any time thereafter by the payment of such a sum as when invested at four per cent. per annum will provide an annuity sufficient to pay the special rates for the unexpired portion of the term as they fall due.

This by-law shall come in force and take effect on its passing.

(Signed)

W. W. SANDS,
City Clerk.

Ald. Kent presented By-Law No. 36, 1926. The By-Law was read a first time, and the 31st rule being suspended the Council went into the committee of the whole on the second reading of the By-law, Ald. Price in the chair. The By-law was read a second time.

BY-LAW No. 36, 1926

A By-law to raise by way of a loan the sum of $25,000 by the issue of Debentures of the Municipality of the City of Kingston for the purpose herein mentioned.

Passed, Kingston, 1926.

WHEREAS it is expedient to make certain alterations, improvements and repairs to the grounds and premises of the Corporation of the City of Kingston, known as the City Hall in the said City, and to raise the money to meet the cost of the same by the issue of debentures of this Corporation and to pass a By-law to authorize said issue.

AND WHEREAS the amount of the debt to be created is $25,000.00.

AND WHEREAS the total amount required to be raised annually during the currency of said debt by a special rate on the rateable property liable thereto for paying the said debt and interest as hereinafter provided is $2,090.00.

AND WHEREAS the amount of the existing debenture debt of the said Municipality, exclusive of the local improvement debts, secured by special rates, acts or assessments, is $2,005,275.47 and no part of the same or the interest thereon is in arrears.

AND WHEREAS the total amount of the whole rateable property according to the last revised assessment roll, being for the year 1926, is $17,421,300.

BE IT THEREFORE ENACTED by the Council of the Corporation of the City of Kingston, as follows:

1. It shall be lawful for the Mayor of the said City to raise by way of loan from any person or persons, body or bodies corporate who may be willing to lend the same upon the credit of the Corporation by the issue of the debentures hereinafter mentioned the sum of $25,000 and to cause the same to be paid into the hands of the Treasurer of the Corporation for the purpose of this By-law.

2. It shall be lawful for the said Mayor to cause any number of debentures to be made for such sums of money as may be required, not less than $100 each and not exceeding in the whole the said sum of $25,000, and the said debentures shall be sealed with the seal of the said Corporation and signed by the Mayor and countersigned by the said Treasurer thereof, and shall be used to raise the sum of $25,000 by way of loan as aforesaid for the purpose aforesaid.

3. The said debentures shall be dated 1st January, 1927, and shall be payable on the first day of January, 1947, at the office of the Treasurer of the said City of Kingston in the said City.

4. The said debentures shall bear interest at the rate of five per cent. per annum from the 1st day of January, 1927, which interest shall be payable half-yearly on the first days of the months of January and July in each year, at the office of the said Treasurer in the said City of Kingston and the said debentures shall have interest coupons attached to them, which coupons shall be signed by the said Treasurer.

5. There shall be raised annually during the currency of said debentures the sum of $1,250.00 for the payment of the interest thereon and the sum of $840 to form a sinking fund for the payment of the said debt. The said sums making together the annual amount of $2,090 to be raised, levied and collected in each year during the period of twenty years by the annual special rate sufficient therefor.

This By-law shall come in force and take effect upon the passing thereof and its approval by the Municipal Board, if necessary.

City Clerk. Mayor.

City Property and Markets.

Ald. J. E. Johnston presented report No. 77 from the Committee on City Property and Markets as follows:

Kingston, Dec. 20th, 1926.

To the Mayor and Council of the City of Kingston:

Gentlemen,—The Committee on City Property and Markets begs leave to report and recommend as follows:

1. That on the recommendation of last year's Council and the instructions of this year's Council, the repair work to the City Hall was continued. In 1925 $6,421 was spent, and this year $8,352, making a total of about $14,800. The McKelvey & Birch contract for $8,050 and other unforeseen expenditures on this work will make the total expenditure about $23,500, and will be paid by being charged against the $25,000 debenture by-law, which received a favorable vote at the time of the last municipal election.

During the year $324 was spent on the Fair Grounds, and the receipts from this source amounted to $78.34. The revenue from city property last year amounted to the following:

City Hall rentals		$ 788.32
Ontario Government Dispensary		1200.00
Market tolls and rentals		2210.66
Murdock farm—		
J. McKim	$120.00	
T. Nicholson	110.00	
J. G. Johnston	5.00	
		235.00
Library Garage		600.00
		$5033.98

You will notice that the work in connection with the tiling of the floors is proceeding favorably, and when finished, together with the other improvements, will put the City Hall in a good state of repair.

We recommend to all City Property Committees of the future to make a complete survey of this valuable building each year and attend to any repair work necessary so as to avoid large expenditures as the above, which have been caused by the repair work being neglected.

Respectfully submitted,

Moved by Ald. Kent, seconded by Ald. Price (5) that the report of the Committee on Finance and Accounts be received and adopted.—Carried.

MOTIONS.

Moved by Ald. J. E. Johnston, secondde by Ald. Sargent (6) that a vote of thanks be tendered to His Worship the Mayor, who is retiring from the office of the Chief Magistrate of this city, for the manner in which he has conducted the proceedings of this Council. He has been fair, impartial, non-partisan and courteous, and he is leaving Council with their very best wishes for a long, happy and prosperous life.—Carried.

THE MAYOR'S REPLY.

Gentlemen:

I thank you most heartily for this vote of thanks. It is a great honor to be Mayor of any Canadian city, and I have been signally honored in that I have occupied this position for this city for four consecutive years. This is the length of the term of the Local Legislature of Ontario, the difference being that I had an election every year. Although the time is short, many changes have taken place, and of the number of aldermen who started four years ago ten, or less than half, are here to-night. In my inaugural address four years ago these items are noted: "Unemployment, Harbour Improvement, Paving, New Hotel, Industries," and although progress has been made, still these municipal problems are still with us, and will be with the Council of next year.

Unemployment—I think I am fair in saying that this matter has been handled in a very satisfactory manner, and although we have always had the unemployed at certain times of the year, with the system put into operation by Major Stroud this city has been called upon to pay but very little towards the maintenance of those without any work whatever, and were given doles. No doubt this system will be continued.

Harbour Improvement—Other than casual reading in the newspapers, the first organized attempt to my knowledge to get ready for making Kingston the deep water terminus was in March, 1919, when a Harbour Improvement Committee was formed. Those who attended the first meeting were: Mayor Graham, J. M. Campbell, Capt. John Donnelly, Francis King and Capt. Crawford. At this meeting a resolution was passed to make application to have a Harbour Commission appointed, but on the advice of the Government Minister it was thought to be inadvisable. Another resolution passed at this meeting was to get in touch with the railways with a view of appointing an Engineer on their behalf to collaborate with the Engineers of the Government Department and Kingston city. The move to get ready and to supply the Government with all detail in connection with the harbour, railway facilities, elevator, and the argument why Kingston was the natural and logical deep water terminus was now started in a concrete form. Plans and arrangements were made with the railways to their satisfaction and approved by them. A specialist was employed who laid out the whole elevator scheme, prepared plans and specifications, with an estimated cost of dredging and fill, docks, and revetments, grain elevator structures, freight sheds for package freight, trackage, and every other detail in connection with the complete equipment was carefully worked out, and submitted to the Ministers of both Governments, and the reply from them was that the Welland Canal would not be finished for several years, and that our claims would have to stand for the present.

It will be the duty of the new Mayor and those associated with him to carry on an aggressive campaign for our claims, and especially since we know that the completion of the canal is getting nearer.

Paving—Under the Local Improvement Plan this city has been carrying on what might be called an intensive paving scheme. I think it was good business. It has changed our appearance from a mud street town to a paved street city, and I have received many, many compliments from tourists and visitors in this regard. The investment is sound, because it enhances the value of the property abutting a great deal more than it costs the owner. The city owns its plant and makes all these improvements, giving the work to our own citizens, making it an industry, and at the same time making a better pavement at less cost than if it was done on the contract plan.

Hotel—Thanks to the energy, courage and ability of the Randolph Hotel people, we will have a new hotel, built with their own money, without any solicitation of any funds from us. I want to ask the people of Kingston to give this hotel their patronage. People of the city can assist them a great deal both in advertising and personal patronage. Make this hotel your meeting place and your other home; relieve the work at your home by keeping their dining room filled; make it the headquarters for your social functions. We have long called for a first class hotel; we are going to get it, and the people who put their money into it deserve our co-operation.

Industries—The industrial question has been with us during these four years, and the number of new industries obtained does not give a fair idea of the amount of work done. The lack of interest of the citizens in this regard was plainly shown by the small numbers who voted on the by-laws on Dec. 6th last. It is regrettable that more appreciation is not shown to our citizens who have started infant industries, and also that the efforts of the Industries Committee of the Council and Board of Trade do not receive more recognition.

Last year we had the Old Boys' Reunion, and its success is known far and wide. It was the greatest gathering of old boys and girls we have ever seen.

During my four years of office it was my good fortune, on account of the position I held, to have been associated with the leaders and workers of our institutions—Queen's University, Royal Military College, Regiopolis College, Hospitals, and Charitable Institutions. As I did not have the privilege of obtaining an academic education, but went to work when young, I felt my incapacity in a pronounced degree when in their presence, yet these leaders and managers, being educated and properly trained, made it very easy for me by not noticing this, and they must have known that I desired to help in any way I could.

I wish to express my thanks to the aldermen of these years for their co-operation and assistance. They have been exceptionally loyal to me, and I ask them to carry with them and keep the thought that I appreciate their kindness.

To the city officials I feel the most debt of gratitude of all, because I began to learn the first principles of municipal government when I was first elected Mayor, and they are the teachers. I have been pained at times to hear many unkind things which have been said about them, which I consider merely inhuman treatment of those merely suspected of wrong doing. I have listened in and looked for four years, and give them this certificate, they are honest, able, efficient and courteous, and the citizens are to be congratulated on account of the manner in which their work is done by them.

I wish to extend my thanks to the newspapers of the city, now amalgamated into one. I have always found them ready to assist in everything that pertained to the city's welfare, and the greater part of it was given gratis. The Press of a city is the most influential medium of any, and I know the aldermen will agree with me when I say that the reporters who have been with us have done their duty carefully and conscientiously; in fact, I have never heard any member of Council have any complaint as to the reports they have given.

I have enjoyed the work, and I think learned many things. I have tried to treat every citizen alike, but the part that really appealed to me the most was the assistance that I was able to give to the poor. "God bless the poor." They seem to be nearest to me, and even if I did not get any credit of any kind from any other source I have been amply paid for my services with the gratitude of these who have been unfortunate.

To the citizens I extend greetings. I thank them for their continued support which was more than I deserved, and in retiring I would like to summon all citizens of every kind to do their duty to our beloved city in a broad sense, so that we will work together and accomplish the end which we all desire, "the advance and progress of Kingston."

To adjourn.

Moved by Ald. Kent, seconded by Ald. Allan, that Council do now adjourn.—Carried.

Council adjourned at 9.30 p.m.
